Additional Notes:

This is meant to be a guide. It is understood that students/advisors might have to make substitutions as needed.

It is also strongly suggested that the student be steered toward the Freshman Learning Community (as many of the required courses at the 1000 and 2000 level are offered in the FRLC format). Otherwise, they will have to add the First Year Seminar (FYRS) before the completion of the first year.

This program map illustrates appropriate coursework for completing a degree within two years, provided that course grades allow for earned credit. Please consult with your advisor to determine when courses can be switched out with others and taken in a different semester or sequence than illustrated since not all courses are taught every semester. A Freshman Learning Community (FRLC 1116) or a First-Year Seminar (FYRS 1105) is required for all students entering either as new freshmen or with fewer than 30 hours of transferred credit, so please talk to your advisor about this requirement. This map is for illustrative purposes only and does not constitute a legal contract on the part of CSU since degree requirements or course offerings could change. As always, check with your advisor.
